University of Saskatchewan

ELECTION REGISTER 1952

Prepared and Maintained by
the Office of

The University of Saskatchewan Alumni Association,
Saskatoon, Saskatchewan, Canada

ELECTION REGISTER

The Election Register of the First Convocation contained the names of all graduates of any University in Her Majesty's Dominions who were actually residing in the province three months prior to the first meeting and who had their names placed on the Register. Subsequent Registers contained the names of members of the First Convocation and all persons who have become graduates of the University.

The Election Register is the list of Members of Convocation, and is divided into two sections:

A. Members of Convocation whose addresses were known at the time of publication of the Register.

B. Members of Convocation whose addresses were unknown at the time of publication of the Register.

The Election Register of Members of Convocation is prepared and maintained by the office of The University of Saskatchewan Alumni Association. It is the aim of the University and of the Alumni Association to keep the Register of Members of Convocation constantly revised and thoroughly up to date, day by day. Graduates of the University and other members of Convocation are asked therefore to send to the Registrar any available information in regard to changes of name or address of Members of Convocation. Please quote full name, degree and year.

The Election Register lists, after the name of the member, the degree and the year in which it was conferred, which made the graduate eligible to be a Member of Convocation. The Election Register is distributed to Members of Convocation.
